Duet With Denise Laurel

I was a man who always played around in love  
So quick to take but so afraid to give enough  
But now I've found the one  
And heaven will only know  
What only my eyes can say  
And time can't take away

I was a girl who trusted no one with my heart  
And the dreams that young girls dream  
Were just vanishing in the dark  
But now I've found the one  
And heaven will only know  
What only my eyes can say  
They say

That I will take you forever  
And there will never be anyone else in my heart but you  
And I will take you forever  
And there will never be anyone else but you  
Anyone else but you

Now my heart belongs to you  
And I will always be your best friend  
Now my secrets are safe with you  
And the magic will never end  
Now you are the one  
And heaven will only know  
What only our eyes can say  
They say

That I will take you forever  
And there will never be anyone else in my heart but  
you.  
And I will take you forever  
And there will never be anyone else but you  
Anyone else but you, anyone else but you.

You (you)... oohhh.  
That I will take you forever  
And there will never be anyone else in my heart but

you.  
Now I will take you forever  
And there will never be anyone else but you  
Anyone else but you.  
I will girl take you forever  
By your side I won't leave you never  
I don't need anyone else but you  
And I will take you... ohhh... forever. Ohh...  
I will (I will) take you forever
