I know there's something you're not saying  
I see a secret in your eyes  
You're in love I know you won't admit it  
You did it with a kiss Let me tell you this  
No one knows cause you don't know  
What a woman knows  
So you don't understand it  
No one goes where a woman goes  
Deep inside her heart  
No one feels like a woman feels  
When she's lying next to you  
No one knows what a woman knows

I know you've been untrue.  
I see right through you, Boy you've been untrue  
You use to hold me like a treasure  
My heart, a locket in your hand  
Now every touch is a confession  
Your passion is a lie  
You can't fake it if you try  
chorus, lead  
Silence always sounds like thunder  
So don't wonder how I knew Cause baby it was you  
chorus
