I could fall apart  
Before I start  
In the grip of doubt  
I need You, Lord

Will You carry me  
Take hold of me  
When I can't see  
An open door

In the dark Your light illuminates love  
And Your grace is right beside me

I will not fear 'cause I know You're here  
And I pray You'll cover me with Your love  
And show me You're enough  
I will not fear 'cause I feel You here  
Lord, will You come and turn what was fear into love

Will You lead my life and dry my eyes  
When the pain inside's a lonely war

Can my worry be a memory  
That fades away more and more

In the dark Your light illuminates love  
And Your grace is right beside me

I will not fear 'cause I know You're here  
And I pray You'll cover me with Your love  
And show me You're enough  
I will not fear 'cause I feel You here  
Lord, will You come and turn what was fear into love

In the dark Your light illuminates love  
And Your grace is right beside me

I will not fear 'cause I know You're here  
And I pray You'll cover me with Your love  
And show me You're enough  
I will not fear 'cause I feel You here  
Lord, will You come and turn what was fear into love

Into love...  
Into love...  
Into love...  
Into love...
