Hell's bluster in your mind  
A boundless pain possesses you  
Eye gouged out  
Worms rises from your eyes  
Satan rips out your soul  
Satan ruler of your soul

Abomination comes against you  
Your rottenness on crosses  
True suffer of death  
Look inside the demon eyes

Black death leads your way  
Spreading death thru the empire

Under the black  
Ride forever  
Immortality, rises from black

Into the evil's domination  
Nothing remains in your corpse  
You'll be a ghoul  
Deep inside the hell's flame  
You'll be born from black
