Timeless untamed wild ancestor, before and beyond
Eternity
I ride the winds of creation, blowing and howling free
Endless savage doomed infestation, before and
beyond
All extinction
I ride the winds of cremation, burning souls of the
Precipice

I'm the one who holds the key to the secrets of the
Universe
I'm the one before existence, the primeval breath of
The blackened earth
Fearless unscarred ghost of blackness, flying in and
Out the abyss
I ride the winds of profanation, carrying forth early
Blasphemies

I've seen the abysmal procreation, shattering the
Bounds of the land,
Raging waters flooding the globe, the breeding of
Beasts, the surging of chaos

The sword of Orion stabs the night skies
Pointing the signs of the glory of punishment
Divide and conquer, behold and kill...
Behold my opponent with the sharpness of my
southern
Steel

Timeless untamed wild ancestor, before and beyond
Eternity

Timeless unsacred dreadful soul of ethereal dark
Violations
I've ridden through forbidden spheres, I've passed all
The gates of the Necronomicon
Endless savage revolt of the planets, I've testified
The wrath of Mars
Nations exterminated, early morning genocide

Timeless untamed wild ancestor, before and beyond
Eternity
I ride the winds of creation, blowing and howling free
