Candle light, I'm very tired
Dreamin' of the girl I know
Her angel eyes, the pretty smile
Haunts me everywhere I go
My seal of pride has broken
I'm really shy, I don't really know her
Hopin' I'd fall on her
Lucky stars and endless love
Lucky stars won't get me far
I pace away to the unknown
It's endless longing for the gold
I slip the note into her coat
Minutes are the hours
The hours seem like days out of nowhere
I'm getting by without her
I'm really close of getting there, but
She wrote me a letter
And told me to forget her
How could I forget you
How could I never answer
Can't stop me dreamer
I'll flow around like feather

Softly crash and breath again
I'm movin' on, really close to getting there
I sleep a while, wake to find
An empty house no message from
This girl of mine, not really mine
Just someone that I used to know
My seal of pride was broken
Still very shy, I don't really know her
Hopin' I'd fall on her
Lucky stars and endless love
I still got your letter
You told me to forget then
But how could I forget you
How could I never answer
Can't stop me the dreamer
I'll flow around like a feather
Softly crash and breathe again
I'm movin' on really close to gettin' there
