Introduce the God
To the young one
And there isn't a movement
To Him that is left unsung

It's okay, it's alright to main
As long as it's done in one name
Everyone needs a golden calf
Everyone needs to fear its wrath

Now I see the one
Now I see the creator
I keep seeing gun

With this here in my hand
The only mystery to understand
With this I can take life
I can take life

So in this heavenly army
All for the one above me
Follow it, believe it
Follow it

Now I see the one
Now I see the deity
And I keep seeing gun

With a fistful of blood
Divine seeds for the holder
I keep seeing gun

I'll give you something to idolize
I'll give you something to hail
I'll give you life, I'll give you death
Even grant you your last breath

Give you something
To idolize
I'll give you something
To believe in

I keep seeing gun, I keep seeing gun
I keep seeing gun
