Finally awake  
Caught in the moment  
Gently suddenly is rushing over me  
Found you all alone  
I put you from the midnight  
As we run away, slide away  
Caught in the moment

I can take away your tears  
Hold on to me  
I can take away your fears  
Hold on to me  
Will go anywhere  
Here to anywhere  
World with the dream in your eyes  
World

Searching for the time  
We could stay together  
Wanna feel  
Grabbing me  
Leads to a slow forever  
Breathe silently  
Walking by the river

Could it be  
Could it be  
Caught in the moment

I can take away your tears  
Hold on to me  
I can take away your fears  
Hold on to me  
Will go anywhere  
Here to anywhere  
World with the dream in your eyes  
World

Finally awake  
Caught in the moment  
Gently suddenly is rushing over me

Will go anywhere  
Here to anywhere  
World with the dream in your eyes  
World

Will go anywhere  
Here to anywhere  
World with the dream in your eyes  
World
