Come the evening in the silence  
It will always try to catch you in a moment  
I recall the time I tried to  
Understand the pain of angels, hear me cry

Deep into the field of ashes  
Broken feelings I remember, pull me under  
Steal the covers as the dust falls  
Empty moments leave me restless, hear me cry

Oh, love is all I need  
Love is all I need  
Oh, love is all I need  
Love is all I need

There above a twisted skyline  
Seamless rumors I remember, seem to linger  
Up ahead a sea of faces  
Start to scream a different story, hear me cry

Oh, love is all I need  
Love is all I need  
Oh, love is all I need  
Love is all I need

I'm holding on to you trying all the time  
I'm holding out for you but falling, hear me cry

Oh, love is all I need  
Love is all I need  
Oh, love is all I need  
Love is all I need

Oh, love is all I need  
Love is all I need  
Oh, love is all I need  
Love is all I need
