Come and see what God has done, He offered up His
only Son
For the world He loves, for the world He loves
Come and lift your eyes to see Jesus Christ, a risen
King
He's alive in us, He's alive in us

Over all the earth let us all arise to God
He has given us this life so we shout it, so we shout it
Over all the earth there will be a sound of praise
For the glory of His name we will shout it, we will shout
it
Over all the earth

He has made our heart to sing
To dance for all He has done for me, He is my God, He
is my God
Every nation tribe and tongue
Young and old together come, He is our song, He is
our song

Over all the earth let us all arise to God
He has given us this life so we shout it, so we shout it
Over all the earth there will be a sound of praise
For the glory of His name we will shout it, we will shout
it

Our God is everlasting
His light will never fade away
He is the hope of our salvation
Our God is everlasting
His light will never fade away
He is the hope of our salvation

Over all the earth let us all arise to God
He has given us this life so we shout it, so we shout it
Over all the earth there will be a sound of praise
For the glory of His name we will shout it, we will shout
it

Over all the earth, over all the earth
