Sleeping down railings
And balconies
With a sleepy ease i never knew
I never gave my way to you
Indigent darkness
Thick as a dream
A liquid party underneath
Though i'm still shaky and weak
Knees pressed against the leather couch
I couldn't find my bra
You were so familiar
I think that i lean out too far
I wouldn't have if my heart and my stomach hadn't
fallen
So hard
That's some hat trick
An effortless move
That tearful frantic creature seems far away from here
My new orleans nickel ring
Your deep wilson tattoo
Under the bullshit radar
I came to find you
Knees pressed against the leather couch
I couldn't find my bra and
You were so familiar
I think that i leaned out too far
I wouldn't have if my heart and my stomach hadn't
fallen
So hard
Knees pressed against the leather couch
I couldn't find my bra and
You were so familiar
I think that i leaned out too far
I wouldn't have if my heart and my stomach hadn't
fallen
So hard
