(Hoffmann)

You, you touch me with
With moments of delight
Searching me
For inner being light
And I, I have seen your mind
I, I know how to hide

Divided heart
I know you are watching me
When I go down to the river in the night
Down to the river
Divided heart
I know you are hearing me
When I lay down my confessions
I lay down my confessions to your light

You, you catch me in
Deceit of what I've found
Tripping through
My moments of profound
And I, I know how to tell a lie
I, I know how to hide

Divided heart
I know you are watching me
When I go down to the river in the night
Down to the river
Divided heart
I know you are hearing me
When I lay down my confessions
I lay down my confessions to your light

You, you catch me in
Deceit of what I might have been
Then I'm dying
And I'm begging for your healing touch
Any you, you make me feel
Summer sunlight then darkest chill
And I'm crazy, Oh I'm crazy, crazy over you
Craving for you

Tie me up, undone again
I am divided
Tie me up and down again
Divided heart

Divided heart
I know you are watching me
When I go down to the river in the night
Down to the river
Divided heart
I know you are hearing me
When I lay down my confessions
I lay down my confessions to your light
