Well I never
I never saw
Anybody move like that before
Why do we spend so much time
Here on the floor
Looking up like I did before
Youre intoxicating movement ate away
At my sad eyes and my headache
I never
I never thought
Id be falling Id be caught
I see a bone and a straw in the dirt
White and if by the light
I squint against his shirt
My sleeping pills melted
And I sleep fine
The tears on my shoulder
Wont keep me up tonight
The snake around my finger
Starts to unwind
Soak up the weather
Suck up the sun
Into your bones
Then move on
I see a snake and a girl in the snow
White and if by the light
I feel the itch to go
The tears on my shoulder
Freeze then boil
I wouldnt be here
If not for your snake oil
