If it keeps on raining the levee's gotta break  
If it keeps on raining the levee's gotta break  
And if the levee breaks I got no place to stay

Mean old levee taught me to weep and moan  
Mean old levee taught me to weep and moan  
Got what it takes to make a mountain man leave his  
home

All last night sat on the levee and moaned  
All last night sat on the levee and moaned  
Thinkin' about me baby and my happy home

Crying won't help you, praying won't do you good  
Crying won't help you, praying won't do you good  
'Cause when the levee breaks, you got to move

Mean old levee taught me to weep and moan  
Mean old levee taught me to weep and moan  
Mean old levee taught me to weep and moan  
Mean old levee taught me to weep and moan
