Steven Curtis Chapman/Geoff Moore  
Hebrews 10:23

It's a brand new day and the sun is shining bright  
Looks like it's gonna be the very best day of my life  
So I jump out of bed into a world of opportunities  
I gotta get movin', no time to get down on my knees  
Then the telephone rings  
It's the voice of tragedy  
Now I suddenly find  
The time to get down on my knees

Chorus  
I say, "I love You"  
I always look to You when trouble calls my name  
But if I'm gonna say, "I love You"  
I've gotta be faithful too  
The true test of my love will be  
Did I follow You consistently  
Through the good and bad  
I want to be faithful too

Talk is cheap  
Some words come a dozen for a dime  
But a real life conversation  
Will take some precious time  
And if I give my all  
Lord that's the least that I can do  
Compared to all the faithfulness  
I have found in You  
So if tragedy calls  
Or if everything goes my way  
I want to be found  
Faithful to you every day

Repeat Chorus
