This is my heart's cry  
I want to know the one who saved me and gave me life  
This is my heart's cry to be so close to Him that all my  
life becomes  
A testimony of my Savior's grace and love  
This is my heart's cry

This is my heart's cry  
Much more than just a great desire - it's like a fire in  
me  
I hear my heart cry each time I think about the cross  
where Jesus died  
The cross should have been mine but His love broke  
through time  
And heard my heart's cry - he heard my heart's cry

Now every other hope and dream is lost inside of this  
one thing  
To know the one who died for me and live my life for  
Jesus Christ  
Is my heart's cry  
(Instrumental)  
So let my life become a testimony of my Savior's grace  
and love  
Oh - this is my heart's cry - to stand before the Father  
one day  
And hear Him say well done - this is my heart's cry
