Gotta be love, gotta be love  
Gotta be love

Starin out my window pane  
Waitin for the phone to ring  
All I want is just to see you again  
Oooh baby I miss you so  
So much that I can't sleep  
So much that I can't breathe  
My heart it skips a beat  
When I think of you and me

Chorus

It's gotta be love  
Something about you boy (It's gotta be love)  
You bring me so much joy (It's gotta be love)  
I can't wait no more  
I wanna be with you and do with you  
Everything you wanna do  
And when you're next to me (It's gotta be love)  
Feels like a fantasy (It's gotta be love)  
Oh boy I can't believe  
(it's like I died and gone to heaven)

Feels like I wasn't living before I met you  
Don't think that I can go a day without you  
I spend my days planning to be around you  
(Nobody else, there's only you)  
No doubt this must be love  
You're all I'm thinking of  
It's taking over me  
So what else could this be?

Chorus

It's gotta be love  
Something about you boy (It's gotta be love)  
You bring me so much joy (It's gotta be love)  
I can't wait no more  
I wanna be with you and do with you  
Everything you wanna do  
And when you're next to me (Its gotta be love)

Feels like a fantasy (It's gotta be love)  
Oh boy I can't believe,  
It's like I died and gone to heaven

Always keep your picture in my bag  
Always looking at that photograph  
It's crazy, I don't usually act like that  
Guess I must be in love  
Sometimes I wanna call when I know you're not home  
Just to hear your voice and your sexy little tone  
What you do to me boy, you don't even know  
It's gotta be  
(it's gotta be, it's gotta be)

It's gotta be love  
Somethin' about you boy (It's gotta be love)  
You bring me so much joy (It's gotta be love)  
Oh boy I can't believe  
(it's gotta be, it's gotta be, it's gotta be)  
And when you're next to me (It's gotta be love)  
Feels like a fantasy (It's gotta be love)  
Oh boy I can't believe  
it's like I died and gone to heaven

It's gotta be love  
Something about you boy (It's gotta be love)  
You bring me so much joy (It's gotta be love)  
I can't wait no more  
I wanna be with you and do with you anything you  
wanna do  
And when you're next to me (It's gotta be love)  
Feels like a fantasy (It's gotta be love)  
Oh boy I can't believe, it's like I died and gone to  
heaven
