It's Sabotage now
I keep praying that she'd leave me alone
She keeps waiting inside my home
I got an angel on the left, saying don't give in, but the
devil on the right, saying let her in
She won't stop kicking down my door
(Whoahoaha)
Each time I try to play the good girl, I let myself get in
the way
I try so hard to fight the bad girl, she's here to say
Sabotage all, over and over again
Sabotage all, over and over again
Sabotage all, over and over again
Now my heart is broken all over again
Sabotage now,

I can't hold on to guys I don't like
(Nonono)
But she keeps looking, with wondering eyes (ohohoh)
I got an angel on the left screaming get away, but the
devil on the right saying time to play
(Whohoahoa)
And I can't take it anymore
Sabotage now,
Each time I try to play the good girl, I let myself get in
the way
I try to hard to fight the bad girl, she's here to say
Sabotage all, over and over again
Sabotage all, over and over again
Sabotage all, over and over again
Now my heart is broken all over again
Sabotage now
Way to fall in love like,
caused myself so much pain
I sabotaged my heart and, and I don't know how to
change
It doesn't matter what I say or what I do, cause in the
end she always wins, I always loose
I need to get her out of my life (ohohohoh)
Each time I try to play the good girl, I let myself get in
the way

I try so hard to fight the bad girl, she's here to say
Sabotage all, over and over again
Sabotage all, over and over again
Sabotage all, over and over again
Now my heart is broken all over again
Sabotage now, over and over again
Sabotage all, over and over again
Sabotage all, over and over again
Now my heart is broken all over again
Sabotage now
