If I could be that someone, next to you
If I could be your angel, leaning on a love so true
I would hold you forever more, cherish every moment
And let you know what love is for.
It's true, it's always been you, for as far as I can
Reach out to remember.

CHORUS:

But baby you
Belong to someone else
Someone else is always on your mind
Where ever I go...
Oh baby you
Belong to someone else,
Someone else is always in your heart
Where ever I go
Whatever I do
Oh baby it's you (Oh Baby it's you)

And I can't let go (And I can't let go)
Believe me, I have tried
Believe me, I have done my best but still
You linger inside. (linger inside)
How I wish I could forget you
Forget the feelings I can't hide
It's true it's always been me and you
For as far as I can reach out to remember

CHORUS:

But baby you
Belong to someone else
Someone else is always on your mind
Where ever I go...
Oh baby you
Belong to someone else,
Someone else is always in your heart
Where ever I go

BRIDGE:

But you'll never know what I'm feeling.
And I'll never know if it's real.

The heartache and pain (heartache and pain)
The tears in the rain (tears in the rain)
If only you knew...
If only you knew,
It's always been you

Always been you...
You-hu-huuu
It's always been you
Oh baby, baby, baby

CHORUS

You
(You belong, belong to someone else)
Someone else is always on your mind
(Always on your mind)
On your mind
(You, you belong)
You belong...
(Belong to someone else. You belong to someone else)
Someone else is in your heart... oh yeah
(Always in your heart.)
You
(You belong to someone else)
Belong to someone else
(Someone else is always on your mind)
Always on your mind, yeah
(Where ever I go, oh baby, you)
Baby you
(You belong to...)
You belong
(... some one else, someone else, some else is always
In your heart, always in your heart)
Where ever I go...

Whatever I do
Oh baby it's you
