Living your dreams
In the glamorous scenes
Of the crazy life

The lights blinking fast
Want this moment to last
In the crazy life

Freaks getting down
To the hypnotic sounds
Of the crazy life

Rich pockets run thin
With each fantasy sin
It's a crazy life

Come on people don't you want a bite of the crazy life
Moving faster than the speed of light
It's your crazy life
Come on people don't you want a bite of the crazy life
Moving faster than the rhythm beats
It's your crazy life
Check out your crazy life
Your crazy life
Your crazy life
Your crazy life

Fashion and fame
Getting lost in the game
Of the crazy life

Indecent display
Of a late night parade
In the crazy life

Twisted delights
Make you feeling so right
In the crazy life

Now will you be betrayed
By the dark masquerade

Of the crazy life

Living it up
In the crazy life (repeat)

Giving it up
In the crazy life (repeat)

Come on people
Don't you want a bite of the crazy life
Moving faster than the speed of light
It's your crazy life
Come on people
Don't you want a bite of the crazy life
Moving faster than the rhythm beats
It's your crazy life
(repeat)
