I can feel  
You will stay  
For a while  
Until the winds  
Change again  
And take you with  
But I won't taste  
A bitter tear

Cause the only thing you wanted  
Is to hunt and not be hunted  
Not to have, not to hold  
Running hot burning cold  
And I know

Yes, go ahead and fly again  
No ones gonna hold you back  
Driven by a lonely heart  
Tell me can you love like that

Just go ahead and fly again  
No ones gonna hold you back  
Driven by a lonely heart  
Tell me can you love like that  
Tell me can you love like that

The wind's come back  
Stir my soul  
I take you in  
You take control

Wide awake you leave me haunted  
Cause you want not to be wanted  
Not To have, not to hold  
Can't pretend, in the end I still know  
Yeah go ahead and fly again  
No ones gonna hold you back  
Riven by a lonely heart  
Tell me can you love like that

Just go ahead and fly again  
No ones gonna to hold you back

Driven by a lonely heart  
Tell me can you love like that  
Tell me can you love like that

Not to have, not to hold  
Not to have, not to hold  
Not to have, not to hold  
Cant pretend in the end  
I still know

Oh now, now go ahead and fly again  
No ones gonna hold you back  
Driven by a lonely heart  
Tell me can you love like that

Just go ahead and fly again  
No ones gonna to hold you back  
Driven by a lonely heart  
Tell me can you love like that  
Tell me can you love like that
