Who is gonna save me
You alone will save me

Tell me can you save me
Nothing in the world can make change the way i feel
for you
Nothing in the world can make me leave you don't you
feel it to
You have made me realize my love for you can make
me whole
You have made me realize that love alone can save my
soul

I was in a place of fire i was hypnotized
Living in my darkest hour i was paralyzed and
Now im back and feeling higher and you alone can say
That you became a true reviver when you rescued me

Nothing in the world can make change the way i feel
for you
You have made me realize my love for you can make
me whole
Nothing in the world can make me leave you don't you
feel it to
You have made me realize that love alone can save my
soul ... yeah

Save my
Save my
Save my
Save my soul

I turned into my own deceiver and that i can't deny
I suffered from a burning fever but now im back to life
I thought that i was born to walk alone until i met you

You are my one desire come on and take me higher
cause
Nothing in the world can make change the way i feel
for you
And you have made me realize my love for you can
make me whole
Nothing in the world can make me leave you don't you

feel it to
You have made me realize that love alone can save my
soul

Save my
Save my
Save my soul
Save my
Who is gonna save me
Tell me can you save me
Tell me can you save me
You alone can save me
You alone can save me

You have made me realize my love for you can make
me whole
You have made me realize that love alone can save my
soul

Save my
Who is gonna save me
Save my
Tell me can you save me
Save my
Tell me can you save me
Save my soul
You alone can save me
Who is gonna save me
Tell me can you save me
You alone can save me
Tell me can you save me
You alone can save me

Nothing in the world can make me leave you don't you
feel it to
Cause nothing in the world can make change the way i
feel for you
... who is gonna save me
... tell me can you save me
You have made me realize my love for you can make
me whole
... you alone can save me
... tell me can you save me
You have made me realize that love alone can save my
soul
Save my save mysave mysave my soul
Save my soulsave my save mysave mysave my soul
Tell me ... can you save me ?
