I can't remember a time  
When you weren't there  
To dry the tears from my eyes  
Yes you always cared

And I do believe  
That you were sent from heaven above  
Because you taught me about love  
I feel you up there somewhere  
Someone watching over me

You gave me joy  
You eased my pain  
You showed me how to love again  
And I thank you cause you always knew you'd be  
Watching over me  
Halleluha..you came my way  
Halleluha..for your birthday  
Halleluha..now I see  
Your watching over me

I hear your voice in the wind  
When I'm needing a friend  
The autumn leaves in the breeze  
Bring a love that you send

And I do believe that  
You are dancin' dancing on clouds  
I hear you laughing  
Laughing out loud  
And I know you're up there somewhere  
Someone watching over me
