Another sleepless night, pretending everything's alright
But we know the truth can't hide, yeah
I wanna correct ever be happy, if we just let it right
No, cause there's something missing
It's too much distance now
It's so confusing, but there's no use in
Beating round the bush
You should know I never will forget you
But now I think it's time I gotta let you go, whoa

[Chorus]

I can feel your heart breaking
Every word that I'm saying
Like an ... just waiting, stop the beating, whoa
And I hate the fact of making you cry
But it's better than living a lie
And I'm trying but I know that I
Can't find a better way to say goodbye
Say goodbye, say goodbye
Is there a better way to say goodbye
Say goodbye, say goodbye

There's so much world out there
And I don't wanna be unfair
Cause there's so much for you somewhere
And I only want you to be happy
Because I really care
It's not the way we planned it
So let's not track this out
The clock is ticking, you gotta listen
Listen to your heart, baby don't you know
You can't control this
I don't wanna hurt you but you know it's time, whoa

[Chorus]

I can feel your heart breaking
Every word that I'm saying
Like an ... just waiting, stop the beating, whoa
And I hate the fact of making you cry
But it's better than living a lie
And I'm trying but I know that I

Cant find a better way to say goodbye
Say goodbye, say goodbye
Is there a better way to say goodbye
Say goodbye, say goodbye

Maybe in another place, maybe in another time
When the stars are all aligned
If I could have made things right
Then we gotta walk away

[Chorus]

I can feel your heart breaking
Every word that Im saying
Like an ... just waiting, stop the beating, whoa
And I hate the fact of making you cry
But its better than living a lie
And Im trying but I know that i
Cant find a better way to say goodbye
Say goodbye, say goodbye
Is there a better way to say goodbye
Say goodbye, say goodbye
Cant find a better way to say goodbye
Say goodbye, say goodbye
Is there a better way to say goodbye
Say goodbye, say goodbye.
