I think that I love him more, more than life itself.
I know that I'll never find nothing close to him
Never gonna stop (ill)
Love him till I drop, ain't never gonna let him go whoa
He drives me so crazy
I so love my baby
The way he be makin me feel

(Pre-chorus)

I know you think I'm dead wrong (dead wrong)
Said this should not be going on (going on)
But are ya gonna stop my heart
From fallin in love?

(Chorus)

Doesn't everybody wanna fall in love?
Doesn't everybody wanna need someone?
Member when you told me that you didn't have no one
You would of give anything just to have someone
So don't hate on me cause
He's so good to me
He's so sweet to me
I know that you don't think I know enough
But doesn't everybody wanna fall in love (fall in love)

You think that we are too young well give me a break
I know when you feel in love you were 17
I thought you didn't stop, it was getting hot
And I know you didn't let him go whoa
So how is this different
And why should I listen to you
Don't know what's in my heart

(Pre-chorus)

I know you think I'm dead wrong (dead wrong)
Said this should not be going on (going on)
And how ya gonna stop my heart
From fallin in love?

(Chorus)
