It was summer we can feel in the air
Seasons of color and the girls dont have the wavy hair
Tryin to score ..for the weekend, yeah
Give me something, something I cannot forget
Im so tired of the same old parties get late
They all so dumb and they get at line all the time

Chorus:

But babe you called me
Suddenly my world got crazy
Who youre touching, electrify me
Youre turning me on, youre turning me on.
Me like wish the flashbacks, flashback come on
Tell me how you did that, did that you know
You used to give me flashbacks, flashbacks,
Youre turning me on

We were cooling, bomb ..on the beach
Never knew that I would ever see this part of me
..when the risk is mine do you feel it?

Chorus:

And baby then you called me
Suddenly my world got crazy
Who youre touching, electrify me
Youre turning me on, youre turning me on
Me like wish the flashbacks, flashback come on
Tell me how you did that, did that you know
You used to give me flashbacks, flashbacks,
Youre turning me on

I am so high, higher higher
I am so high all alone
And I just cant get enough.

[Chorus;]
