A couple of years
And I'm gonna know your name
It's like I waited for ya forever
And I know this might sound insane
But it won't be long
Till we're gonna take this up
I'm talking about our future love

You're so far away
Maybe you're right next door
Got me picturing your face again
Something worth waiting for
I put all the others behind me
They don't live up
I know what I want
What I need to the T

Baby if they asked me
I would say I don't even know your name
And if they asked me
Does it change?
No, it don't change a thing
'Cause there's something
About the way you'll love me
There's just something
About the way you'll know me
That I can't explain enough
There's just something about our
Future love
Future love
Future love
There's just something about our
Future love
Future love
Future love

Walking hand in hand
Going for a second date
I can picture how we're touchin'
And a kiss I can almost taste
The thought of all the ways
We'll meet for the very first time

I can see the place
Feel the love at first sight

Baby if they asked me
I would say I don't even know your name
And if they asked me
Does it change?
No, it don't change a thing
'Cause there's something
About the way you'll love me
There's just something
About the way you'll know me
That I can't explain enough
There's just something about our
Future love
Future love
Future love
There's just something about our
Future love
Future love
Future love

Oh-no!
The minute you pull up next to me
We standing there like destiny
When it feels like you're fighting
Just to breathe that's when you know
The minute I pull up next to you
Suddenly I don't know what to do
Everything inside you says that I'm the one

Baby if they asked me
I would say I don't even know your name
And if they asked me
Does it change?
No, it don't change a thing
'Cause there's something
About the way you'll love me
There's just something
About the way you'll know me
That I can't explain enough

Baby if they asked me
I would say I don't even know your name
And if they asked me
Does it change?
No, it don't change a thing
'Cause there's something
About the way you'll love me
There's just something
About the way you'll know me

That I can't explain enough
There's just something about our
Future love
Future love
Future love
There's just something about our
Future love
Future love
Future love

Oooh!
Future love
Future love

Oooh!
Future love
Future love
