(Verse)

Everybody feel the vibe
We're moving side to side
Music makes me feel alive, tonight tonight
Grab a drink, enjoy the ride
We can take our time and just let it go, let it go

In the sky I see a bright light
Dance all night, we're gonna get right
And nobody gonna leave the floor till the morning, morning

(Chorus)

Let's get higher, gonna make you feel alright
Lit the sky up, and make your body fly
Let's get higher, higher tonight
Let's get lost, can you feel the rhythm going on tonight?
Let's get lost, don't you feel tonight?
We're gonna get real high
Let's get higher, higher tonight.
Higher tonight
Higher tonight

(Verse)

Feeling good, so glad I came
And we're dancing face to face
Wanna take you far away, tonight tonight.
Touching you, you're touching me,
Feel the energy and just let it flow, let it go.

(Verse)

It's my party and I love it
Shots of Baccardi, having fun yeah
Turn it up, let's make it louder
We shall dance and way up high.

(Chorus)

Let's get higher, gonna make you feel alright
Lit the sky up, and make your body fly
Let's get higher, higher tonight
Let's get lost, can you feel the rhythm going on tonight?
Let's get lost, don't you feel tonight?
We're gonna get real high
Let's get higher, higher tonight.
Higher tonight

(Bridge)

I need you baby, I gotta know
Do you feel the same way?
'Cause you're making me go
A little crazy, I gotta know, know, know

(Chorus)

Let's get higher, gonna make you feel alright
Lit the sky up, and make your body fly
Let's get higher, higher tonight
Let's get lost, can you feel the rhythm going on tonight?
Let's get lost, don't you feel tonight?
We're gonna get real high
Let's get higher, higher tonight.
Higher tonight
Higher tonight
Higher tonight
Higher tonight
