(Verse)

I heard you got a new friend, is she cool?
Does she love you like me?
I know that it will take time
That I'm not over you

(Verse)

I can't believe it's been 3 months and I'm still dying to see you
Sometimes I try but it's too much
The pain, I can't let it go
I know sometimes you get confused
I wanna be the one you choose
But if it's not our time right now
Well then I gotta let you go

(Chorus)

I'm not the one who's running round in circles
You gotta get things straight
Because I've waited too long
Baby I'm not the one who's trying to hurt you
But I just can't wait
I waited too long, waited too long, waited too long
Can you give me an answer?
I waited too long, waited too long, waited too long
Can you tell me right now?
Because I waited too long

(Verse)

I'm tired of you texting me,
Telling me that you miss what we had
Baby if that was the case
Then why are you with her?

(Verse)

I keep on getting my hopes up high

And I think I'm going insane
I'm here, I keep on trying
Though things never change
I know sometimes you get confused
I wanna be the one you choose
But if it's not our time right now
Well then I gotta let you go

(Chorus)

I'm not the one who's running round in circles
You gotta get things straight
Because I've waited too long
Baby I'm not the one who's trying to hurt you
But I just can't wait
I waited too long, waited too long, waited too long
Can you give me an answer?
I waited too long, waited too long, waited too long
Can you tell me right now?
Because I waited too long

I'm not the one who's running round in circles
You gotta get things straight
Because I've waited too long
Baby I'm not the one who's trying to hurt you
But I just can't wait
I waited too long, waited too long, waited too long
Can you give me an answer?
I waited too long, waited too long, waited too long
Can you tell me right now?
Because I waited too long, waited too long, waited too long
Can you give me an answer?
I waited too long, waited too long, waited too long
Can you tell me right now?
Because I waited too long
