Ohhhh No No Oh  
This is a typical story of a girl's demise  
This is the way the world ends, this is the way my world  
ends  
Knew I was a goner the first time I saw your eyes  
This is the way the world ends, this is the way my world  
ends  
Oohhh ooohhh, ya knew I'm not the falling kind  
Oohhh ooohhh ooohhh!

### CHORUS

Like quicksand, I'm going off of the deep end  
There is no way I can't pretend I'm not falling for you  
Can't fake it, words are so bad I can't take it  
This is the best and worst feeling I've had

I am falling into you

Just like quicksand

Oh, Oh  
Trying to keep my head above this, but i won't last  
long  
This is the way the world ends, this is the way my world  
ends  
Started going under cuz your gravity's too strong  
This is the way the world ends this is the way my world  
ends  
Oh oh I can't get you off my mind  
Oh oh ohhhhhh

### CHORUS

I am afraid of letting go  
But I can't leave you alone  
Oh, oh yea yea yea yea
