do you believe in me when i say love love holds the key
if you need me I'll be your lover totally yours totally
mine i'm your woman if you need me I'll be there
helping you see one woman cares watching o're while
you are dreaming our love affair we'll always share i'm
your woman the times I've mistaken all love seemed
forsaken these bands circling oneness have spoken my
love like water is free precious and sweet my love will
be carefully keep your loving promise that you'll love
me so tenderly i'm your woman
