"Why Wait"

We could throw these sparks around all day
'Til this fire gets hotter
We can stand right here on the river bank
Dip our toes in the water
We can sit on this fence and test the wind
Walk on the edge of jumpin' in
If we hesitate a minute too long
Our chance could be gone

Why wait
When we could fall right now
It's love we've been dancin' around
The kind of love people dream about
Hey, hey
Why not cross over the line
I'm yours don't you want to be mine
Something this good doesn't come along every day
Why wait

We could keep these words on the tip of our tongue
Or come right out and say 'em
We can play these games, play hard to get
Baby, times a wastin'
I'd rather be in a long, slow kiss
Than havin' to hold my breath like this
It's a feelin' I can ignore
Can't hold it back anymore

Why wait
When we could fall right now
It's love we've been dancin' around
The kind of love people dream about
Hey, hey
Why not cross over the line
I'm yours don't you want to be mine
Something this good doesn't come along every day
Why wait

For the magic moment
When the stars align
Baby, there's never gonna be
A more perfect time

Why wait

Why wait

When we could fall right now

It's love we've been dancin' around

The kind of love people dream about

Hey, hey

Why not cross over the line

I'm yours don't you want to be mine

Something this good doesn't come along every day

Something this good doesn't come along every day

Why wait

Why wait
