Why can't you. (x2)
Why can't you hear me.
Am I too far away.
I'm holding on my hand, why don't you reach for me.
Give me a reason, because baby I know if you'll be
coming back with another let go.
I would give the world to be with you.

No River Deep, or mountain high. I wouldn't climb.
Sometimes I'm weak and I can't speak.
I lose my mind.
I'm trying to be stronger, but I know its too late.
I'm trying to move but it gets harder everyday.
How I want you, and I need you.
Because I love you.
But I'm losing my faith.
I'm trying to be stronger but I know it's too late.
I'm trying to move but it gets harder everyday.
How I want you and I need you.
Because I love you, but I'm losing my faith.

I wish I could reach you, but I know.
Deep down that to keep you, I gotta let you go.
I'm trying to get over, need to hold ya.
Wish I told you when I had to the chance to.
Chance to give tomorrow for today.

No river deep, or mountain high. I wouldn't climb.
Sometimes I'm weak and I can't speak.
I lose my mind.
I'm trying to be stronger but I know it's too late.

I'm trying to move but it gets harder everyday.
How I want you, and I need you.
Because I love you.
But I'm losing my faith.
I'm trying to be stronger, but I know it's to late.
I'm trying to move but it gets harder everyday.
How I want you and I need you.
Because I love you.
But I'm losing my faith.

If I ever got another chance, just to hold you.
I'd treasure every minute that I spend with you.
I'd never forget to tell you that I love you.
I love you (x3)
Oh baby, now you're gone.
I wish I could hear your voice pick up the phone.
I never got the chance to say bye.
Maybe, I'm pretending I will be back.

I'm trying to be stronger, but I know it's too late.
I'm trying to move but it gets harder everyday.
How I want you, and I need you.
Because I love you.
But I'm losing my faith.
I'm trying to be stronger, but I know it's too late.
I'm trying to move but it gets harder everyday.
How I want you and I need you.
Because I love you.. but I'm losing my faith.
(x3)

My faith..
(fades)
