You promise me the word that You will never go away  
You relieve my every fear and forgive all my mistakes  
And everything that I've been running to  
Is only a circle leading back to You

I can't fight the morning light  
I just trust it like the love of a child  
And I don't fear when the clouds appear  
A blue sky will always come back  
'Cause You love me like that  
Yeah, You love me like that

Sometimes I lie awake afraid that You might forget  
But after all this time, You haven't let me down yet, no,  
no, no, no  
If I could give this feeling back to You  
I know my life has been worth going through

Oh, yeah, and I can't fight the morning light  
I just trust it like the love of a child  
And I don't fear when the clouds appear  
A blue sky will always come back  
'Cause You love me like that

And in the dark of night  
I can still see the light  
When I close my eyes

You are the place I go  
When I'm all alone  
You keep my faith alive

I can't fight the morning light  
I just trust it like the love of a child  
And I don't fear when the clouds appear  
A blue sky will always come back  
Yeah, 'cause You love me like that  
Oh, 'cause You love me like, like that
