How you choose to express yourself,
It's all your own and I can tell.
It comes naturally
It comes naturally.

And it takes my breath away.

You are the thunder and I am the lightning
And I love the way you know,
Who you are and to me it's exciting,
When you know it's meant to be.

Everything comes naturally, it comes naturally
When your with me, baby
Everything comes naturally, it comes naturally.
Bay bay baby

When we collide sparks fly
When you look in my eyes.
It takes my breath away.

You are
You are the thunder and I am the lightning
And I love the way you know,
Who you are and to me it's exciting,
When you know it's meant to be.

Everything comes naturally, it comes naturally
When your with me, baby
Everything comes naturally, it comes naturally.
Bay bay baby.
