[Intro: Family]

Now, now Christopher

Don't you go forcin' everyone to listen to your crazy music

She's right son

Don't you go forcin' everyone to listen to your crazy music

Ah, come on

Now now now

Listen to your father

Ah, galy G guys, I just wanna sing

[Verse 1]

Feelin' like I want someone to tangle with me

The whole wide world don't know me

So my whole label lookin' at me

Knowin' I'm genius

People lend me a ear I said that I'm genius

Just so I made it clear

Came boxin' the unboxable

Top the untoppable

Impossible, from more popular we be way more profitable

B.E.A.T. obstacles, see me, pay me, gotta get the dough

And I wait to the left, I've never been a diddle

So I don't get the riddles, this had better be all

Check, cause I ain't reached my pinnacle yet

And if they too sentimental to jet cause everything up on dinner was disrespectful

So check for me, I'm the one with the crazy hair

Dancin' by myself, you don't understand me then leave me there

[Hook]

They don't understand my music and no one else is dancin' to it

I'm dancin' with myself

Dancin' with myself

I'm a little hard to swallow cause what they do I do not follow

I'm dancin' with myself
Dancin' with myself

[Verse 2]

How you make it when you're fat blackady rap wap to
the naked ear
11 years, and I never even should've been in here
When you're a freak of nature they hate ya
Stacks of paper can save you
And take the chance that they gave you
These ranger labels will slave you
But try the Nina, saw my chance to stack that green up
Tac city first then Kali's 'bout to clean up
You are something else
A record deal, it was summer y'all and sit on the shelf
And sippin' something soapy next to a sexual dismal
well
But only a handful of you follow me and I gotta be
godly
And I would revive a beat cause of a lot of them actors
in poverty
And I'm left of self, I'm out to lunch, I'm out to dinner
I'm the best the world has ever had
If you don't get me, too bad

[Hook]

They don't understand my music and no one else is
dancin' to it
I'm dancin' with myself
Dancin' with myself
I'm a little hard to swallow cause what they do I do not
follow
I'm dancin' with myself
Dancin' with myself

[Verse 3]

Oh my God, yes
Oh my goodness
This business is over calculus
The whole industry watchin' us
We don't forget and if you listen close and dose it in
Cause we supposed to be the poster boys
I told 'em to tell 'em, you're in this economy
I don't wanna defuse this for coopin' if you're snoopin'
through the sound scan
Think I'm floppin' stupid, you sound man
But I march to the beat of my own drum
And I can only make it so dumb so I'm dancin' by my
lonesome

[Hook]

They don't understand my music and no one else is
dancin' to it
I'm dancin' with myself
Dancin' with myself
I'm a little hard to swallow cause what they do I do not
follow
I'm dancin' with myself
Dancin' with myself

[Outro: Family]

Darn it son, enough with this dancin' with yourself stuff
You go straight to bed with no supper
Momm????!!
You heard him
Straight to bed with no supper
That's alright, I don't wanna sing anyway
