[Verse 1: Krizz Kaliko]

Is anybody listening?
It's like I'm yelling, but I'm whispering
It's like it doesn't even matter
Talking fast
But it's idle chatter
If you can feel me hear me out
I got something to talk 'bout
I promise I won't waste your time
Nevermind, I'm like

[Hook: Krizz Kaliko]

Hello walls, hello ceiling
No ones home, and I'm feeling
All alone
Hello bed, hello pillow
When I'm high, I still feel low
No one knows me like my things
But no one answers when I scream
Hello walls

(And I keep feeling invisible)

[Verse 2: Tech N9ne]

Laying in this bed I fear
Me filling my brain with some leads right near
I think if I do this my head I clear
Or maybe I should overdose on these meds right here
Every time I get ahead a wall hits me, fall quick
Do y'all history
When it comes to my odd history it was all iffy
The laws just be raw, this we call shifty
Tall chips to fix me ball stall it be all thrifty
I don't let nobody see my pain
Behind these walls, bet this blade will help me see my
veins
Cause these walls are caving in and the ceiling's
getting closer to me
Everybody is unhappy with me and taking away all my
doses of doozy
I feel so, helpless and nervous that I will go

Ill so, freaking real though and spill slow
Caribou coffee tryna stop my bulu nil
So my grill show daily, but nightly tears upon my pillow
Right now I'm real low
So

[Hook]

[Verse 3: Krizz Kaliko]

My life looks like a party that never ends
I can't tell what's business and what's friends
I think they pretend to like me
And then I'm slighty get thrown off my look now
Why they phone of the hook, huh?
It's getting harder, to make it through the weekend
I try to push it farther, they act like I ain't speakin'
I walk to the door, there's no one else to walk to
I talk to the wall, there's no one else to talk to
(And I keep feeling invisible)
