"Out To Lunch"

Visit "[Out To Lunch](#)" on MotoLyrics.com

Goin' crazy insane
Got a load on my brain
Can't stand it another day
Broken down family way

Got a beat up Cadillac
Slippin' out now I won't be back
There's a party down the road
Got a girl gonna take my load
Turn up the music
Turn it up loud
Turn up the music
Turn it up turn it up loud

Out to lunch
Get up and dance
Let yourself go into
A rock'n'roll trance....ooh yeah!

Crazy mama takin' pills
Street legal dirty cheap thrills
Good for nothin' old man
Livin' life in a T.V. land

You and I have better ways
Rock'n'roll is here to stay
Give it to me all night long
Let it in 'till the break of dawn...
