Across the border and down the plains  
The tiger meets the bear  
No one is right, no one is wrong  
Nobody seems to care

They fight for power, they fight for lust  
Spilling their blood on the dust  
A thousand miles without names  
Fear remains the same

Russian winter, broken pass  
Cold winds in the dark  
The goose is loose and kills tonight  
Full moon burning bright

Run for your life  
Run for your life  
Run for your life  
Run for your life

So, the bear and the tiger lost in the snow  
Tashkent's far away  
To feel the fire, to save the bear  
Nothing can stand in his way

Five fields of death, it's hard to predict  
The battle the white emptiness  
The king on his throne is all alone  
Will this madness go on

Russian winter, broken pass  
Cold winds in the dark  
The goose is loose and kills tonight  
Full moon burning bright

Run for your life  
Run for your life  
Run for your life  
Run for your life

Run for your life  
Run for your life

Run for your life  
Run for your life

Run for your life  
Run for your life  
Run for your life
