You're the magic in my life
Out of the darkness and into the light
(Oh, only you)
Under a spell, no disguise
Need the spirit in your eyes
(Oh, only you)

Smile in your eyes

I see the world on fire with passion and desire
The flame of love is burnin' through
My lonely heart is empty and though they try to tempt
me
No one can take the place of you

In the mirror, I can see
No reflection of you and me
Swimmin' in sorrow, sea of pain
Will tomorrow bring you back again?

Smile in your eyes

I see the world on fire with passion and desire
The flame of love is burnin' through
My lonely heart is empty and though they try to tempt
me
No one can take the place of you

I'm a jester not a king
I'd still give you everything you need, everything you
need
Give me fire, give me light
Break these chains before I die, for you, only you

Smile in your eyes

I see the world on fire with passion and desire
The flame of love is burnin' through
My lonely heart is empty and though they try to tempt
me
No one can take the place of you

I see the world on fire with passion and desire
The flame of love is burnin' through
My lonely heart is empty and though they try to tempt
me
No one can take the place of you

I see the world on fire with passion and desire
The flame of love is burnin' through
My lonely heart is empty and though they try to tempt
me
No one can take the place of you
