Desires don't control themselves...

The Olympian gods don't except this rule...

Poseidon, under a spell of a gorgeous woman

With beautiful face and superb hair

Like a simple mortal

Charms this jewel of femininity

Satisfying his sexual desire in the Athena temple

Ultimate profanation...

The war goddess is so furious!

Divine vengeance is coming...

Malediction of unfortunate mistress

Now Gorgon is here!

Evil female with serpent hair

Fruit of the goddess anger

Medusa, magnificent living creature became
repugnant

Medusa, victim of divine vengeance

Medusa, your eyes father death

Medusa, created to eradicate

Petrifying beauty!

On a faraway country

Near the two immortal sisters Euryale and Stheno

Accomplishment of a sad destiny

Wander... turn people into rocks...

Only one man could stop this curse

Perseus, Zeus and Danae's son

Courageous hero

Because Polydectes, king of Seriphos island

In love with Danae

To get rid of the powerful warrior Perseus

Send him to get the most precious head of the Hellenic world

Medusa, magnificent living creature became repugnant

Medusa, victim of divine vengeance

Medusa, your eyes father death

Medusa, created to eradicate
