Yeah, listen to the lyrics  
We are the ones prophesized to return  
My main concern is for all of you to learn  
How to live, yes through the lyrics I give and send my  
friend  
This age is coming to an end  
Not the world, but the age is ending  
Ending, listen to the astrological message I'm sending  
I'm sending, tell em  
Truth is truth, whether or not you like me  
We are living now in the age of Pisces  
When Pisces is over, at the year two thousand  
When the Sun of God, changes his house and  
enters the Age of Aquarius  
The Sun of God as man is hilarious (okay)  
When you think of Jesus, think of the Sun  
The flaming Sun, that's where they stole this concept  
from  
Stop believing and read your bible logically  
The new testament is really old astrology  
Jesus is the son of God no lie  
But they might be talking about the Sun up in the sky  
The Sun, that hangs on the cross of the zodiac  
The zodiac with twelve signs to be exact  
Each sign is a house, and you should keep in mind

Each house equals, a period of time  
The time, two thousand years and that's a fact  
It's called an age or a house in the zodiac  
The twelve disciples, are twelve months of reason  
The four gospels signify the four seasons  
When Jesus fed the multitude with two fishes  
It signified the Age of Pisces, not fish or dishes  
If you read the bible astrologically it's clearer (no  
doubt)  
The next age will be the age of the water-bearer  
It's called the Age of Aquarius (word)  
When logic and truth will take care of us  
So in this age, of spiritual dignity  
You'll see a rise in femininity  
and creativity, meshed with masculinity  
You got to get with me, this is your true her-story

(rrryyy!)

Do you wanna go higher...
