Lord live within my heart  
Lord don't You ever stop  
Fill me up with what I need  
Just have to ask I shall receive

Lord live within my heart  
Lord don't You ever stop  
Fill me up with what I need  
Just have to ask I shall receive

Look, look  
Ba-bi-di-ba-bi dang-a-dang-diggy  
How many rappers can actually hang with me?  
My style is that Kris-style, it's witty  
In they style, I have no more faith like Biggie  
I battle on many levels, I shatter so many devils  
'Fore you challenge me you better know the essentials

It's the K to the R, to the S, to the uno  
You know, if you don't know your crew know  
When you hear the thunderin' sound, you under the  
ground  
You can tell by the way we jumpin' around  
It's the teacher breakin' it down  
I'm an upright MC, these others they be crawlin'  
around, word

Lord live within my heart  
Lord don't You ever stop  
Fill me up with what I need  
Just have to ask I shall receive

Lord live within my heart  
Lord don't You ever stop  
Fill me up with what I need  
Just have to ask I shall receive

Yeah, yeah, word up, look, look  
You know when the teacher returns, just get ready to  
learn  
Just get ready to earn, health, love, awareness and  
money to burn

I'm not really concerned how the Benz just turn, 'round  
the corner  
For our sons and daughters to yearn, stand firm  
If you lookin' at these hooks you becomin' a mad worm  
Danglin' from the pole of the fisher, the corporate  
fisher  
The talent scout and no doubt ready to get ya

Lord live within my heart  
Lord don't You ever stop  
Fill me up with what I need  
Just have to ask I shall receive

Look, look, look, look  
I'm anything but regular, not even similar  
I get rid of the sin in ya when I spit at ya, my new  
literature  
Now who forever been with ya? The teacher  
Who remembers the kid in ya? The teacher  
I'm winnin' ya, or winnin' a convert when the rhyme  
splurt at the concert  
Forget the times that hurt, if the mind's alert let the  
mind work

Uh, let the body divert  
To get to the top of the mountain, you've got to climb  
dirt  
So c'mon climb through, don't get stuck lookin' behind  
you  
It'll blind you, however I'm here to remind you  
Many of you lost, you've got to find you  
You'll be found you simply by you finding you, c'mon

Lord live within my heart  
Lord don't You ever stop  
Fill me up with what I need  
Just have to ask I shall receive

Lord live within my heart  
Lord don't You ever stop  
Fill me up with what I need  
Just have to ask I shall receive

Lord live within my heart  
Lord don't You ever stop  
Fill me up with what I need  
Just have to ask I shall receive

Lord live within my heart  
Lord don't You ever stop  
Fill me up with what I need

Just have to ask I shall receive
