Y'all don't know? Y'all don't know your body is a temple?

A temple to the living God? Don't get gassed y'all

All my sisters out there, here's the truth

You, a you've got to.. {TAKE.. YOUR.. TIME}

Look, look!

You don't want no unsteady relationships, you want it tight

You don't want no man beggin and always gonna get, am I right?

You don't want no man sleepin cheatin freakin behind his wife

There's no such thing as make love, it's really make life

I don't care what nobody say; you sleep with a man, that's your husband

So make sure, before you lay down, you love him

And learn him, yes it's still sacred to be a virgin

Relax, it's curiosity that always burns 'em in fact

Sex is like candy, be disciplined, no splurgin

You don't want your stomach hurtin

Girl, you gotta.. {TAKE.. YOUR.. TIME}

Listen!

Cash is an issue with that he can never diss you

Even if he makes you cry, you bought your own tissue witcha own case, witcha own hand, wipe ya own face

And throw him out, no doubt, out of your own place

If your heart is broken you can mend it

If you're independent, your womanhood, that's when you defend it

Just.. uhh, just {TAKE.. YOUR.. TIME} woo!

Look!

{TAKE.. YOUR.. TIME}

Don't come witcha hand always out

If he buys you somethin thank him, but that's not what a man is about

Real men are real friends, showin their real

commitment

He tells you he really loves you, a boy can't really admit
it

If a man really wants you, that man really flaunts you

In public or private a real man really supports you

'Member what Guru taught you? Of course you

""Royalty""

You dress how you like when a QUEEN is what you
ought to be-aca
