VERSE 1

Hey baby, welcome back home to my crib...
... only 3 more weeks till dis is where u gonna live...
Now don't get suspicious, but I've done all the dishes...
... and laid out this trail of chocolate kisses...
So hey future misses, before we get in trouble fast...
Follow the path... to a candlelit--- bubble bath...
Oh--and by the way--your favorite meal is on the stove...
I ain't forgot... I used the garlic AND the cloves...
I got you this pink rose, some new "whachu think! ?"
clothes...
... under the pillow, tickets to your favorite two shows...
So tell me 'bout your day... I hope it was dope for you...
... after yer done, I got some poetryÂ—I wrote for you...
God, you're sweet... throw on Naz's beats...
... and I'll massage 'yer feetÂ—the way them spas, they
treat...
Goddesses like you... Fer less ----you shouldn't settle...
All around the bed, I wrote your name in rose petals...
We can talk about the wedding---we can plan all of 'dat
stuff...
---but one thing first... YOU GONNA SIGN THIS PRENUP!

Put your name on the X--- Put your name on the X--
Put your name on the X before I call you my "ex"--
SIGN THE PRENUP!

VERSE 2

Sorry 'bout last nightÂ—at least it was fast fight...
Les make the past right Â—prenupÂ—I wont askÂ—
AIGHT?
We gonna spend the day crazy hot and intimate
I got something planned and I know you gonna be into
it...
I'll be whispering erotically, you moanin' "GET ON TOP
O' ME..."
... You thinkin' bout how hot it'll be... and right before...
I'm stopping... we...
Take-- a break-- I'm a tease and be picky...
LADY, I ain't goin' GAGA--for you to ride my disco stick,
see...
You gonna love how we doin' this-- passing the day

away...
--buildin' orgasms for you to keep on layaway...
You make sure it stay away... I'll tell you when it's time...
We can build alotta yours... before we go for mine...
... and when you at that level where them nipples is like
pebbles...
I'm a raise your bass---and adjust your treble...
You wanna get off? You wanna cum? You wanna
climax?
Here's a prenup and a pen... Initial and sign 'dat...

Put your name on the X--- Put your name on the X--
Put your name on the X before I call you my "ex"--
SIGN THE PRENUP!

VERSE 3

You gonna sign and be done with this? I ain't havin' fun
with this...
You in or your out, gir? -I'm sorry it's come to this--
I'm a explain this-- take a seat on your anus...
YOU think I'm shameless--but I'm rich and I'm famous...
Don't you act brainless... 'cuz it ain't enough...
That you got that C-cup, what I want's a pre-nup...
My thinkin' is co-rrect, I got assets to pro-tect...
You get me e-rect... but cash you wont co-llect
Prenups are like condoms that I can use in court...
... so my money don't get STD'd--- Stolen Through
Divorce...
The prenup is a rubber that protects me from my
lover...
Just in case you screw me and you wind up with
another...
This one ain't supposed to be "ribbed for YOUR
pleasure..."
This one IS supposed to be for ME to keep MY
treasure...
You said we'd stay together, right? Always and forever,
right?
If you tellin' the truth, then I'm a use this shit NEVER,
RIGHT?

Put your name on the X--- Put your name on the X--
Put your name on the X before I call you my "ex"--
SIGN THE PRENUP!
