This is it, New York City  
It's very rare you get to hear it like this  
We bringin' it back to y'all golden age  
Watch this, here we go

The teacha's back, the heat is back  
The teacha's back  
The teacha's back, the heat is back  
The teacha's back

The teacha's back, the heat is back  
The teacha's back  
The teacha's back, the heat is back  
The teacha's back, the teacha's back

The teacha's back, the heat is back  
The teacha's back, the heat is back

The teacha's back, the heat is back  
Had to chill for a minute so you could see what was  
whack  
Rappers enter the game to increase they stack  
No skill, no style, man, please step back

This that real, real, raw, raw, rah, rah, rappin'  
We started off street, now you pop, what's happenin'?  
You callin' me contradictory  
Yet I'm the most consistent MC in rap's history

Is that the mic? Give it to me, hip hop, it's livin' in me  
I smack rappers in they mouth deliberately  
KRS-One, I really MC  
I'm the difference between real and Music TV

We ain't done, uh huh  
We ain't done, let's go  
Here we go, here we go  
Y'all been waitin' for this  
Here we go

I spit them conscious lyrics for those that can hear it  
I'd rather rhyme about the mind and the body and spirit

But them cats be too hardheaded, they like, "Aww,  
forget it"  
'Til they locked up and they blood is sheddin'

I really spit conscious rap  
And when I say stop the violence  
How you think we stoppin' that?  
With a flower, a protest, a rally, a band  
Oh no, I got the baseball bat in my hand

Overstand, I'm takin' a stand, not takin' 'The' stand  
I don't disrespect women 'cause I'm a man  
And some say fe-man  
You uninformed journalists, y'all can talk to the hand

On my block, women get respect and trust  
'Cause when you diss a woman you dissin' her fetus  
And dissin' our unborn children will defeat us  
I'm not an elitist, I just know the world need us

And the whole world don't need y'all  
Y'all just beatmakers  
You need to learn from Marley Marl

The teacha's back, the heat is back  
The teacha's back  
The teacha's back, the heat is back  
The teacha's back

The teacha's back, the heat is back  
The teacha's back  
The teacha's back, the heat is back  
The teacha's back
