we're gonna rap until your body sweats
back on the map
we're gonna rap until your body sweats
kru's back on the map
we're gonna give you what you never had

my tag is rap
we will never slack we're in effect
and that you can bet
when my hip drum's swayin'
and the bass starts playin'
some said "rap is crap"
I disagree with that
so jack stand back
cause we're gonna crack this track
to all the nonbelievers
well you better believe it mack
cause the rap gang is back
and it's time for the real rap
