What'cha bet the soc's in the social clubs
Pumped us up in our younger years
And then the White House politicians
Pumped us up full of lies
Feeding us shit to throw away our lives

But we don't give a fuck, we don't give a fuck!

What the fuck are we doing here
They say "Its another kingdom, oh it's another people"
Look hard motherfucker it's still the same

Cease fire, motherfucker!
Cease fire, motherfucker!

Look into the sky
See those fucking planes
We got that American aim
White House politicians roll
The dice in our lives
Here we go into a war again

Cease fire, motherfucker!
Cease fire, motherfucker!

Fight! Fight! Fight them all!
Fight the ones that screwed us all!
Fight! Fight! Fight them all!
Fight the fucks who screwed the world!

Put another shrimp, put another shrimp, just put
another shrimp
To the bar ba-baby
We're gonna sit back and watch the world burn
Watch this poor little city burn down

Fight! Fight! Fight them all!
Fight the ones that screwed us all!
Fight! Fight! Fight them all!
Fight the fucks who screwed the world!
