Torn from the motherfucking womb
One second closer to death
Sliding down the unforgiving razor of time

[Chorus:]

These walls are closing in
Struggle and fight
Uncontrollable hate
These walls are closing in
Struggle and fight
Losing My Mind

Time ruins everything and all
All that we've dreamed is all that we've lost
Now all that is left is unknown
Name etched in stone

These walls are closing in
These walls are closing in

[Chorus]

Losing My Mind
