A realization comes to me though selfish hypocrisy
Has burned down my naive illusions
(I'll never be desensitized but who am I to patronize
Respect means shit in this confusion)
Remember back when we were kids, it didn't matter
What we did with so much shit to look forward to
(I watched the moments pass me by but never stopped
To laugh or cry, we'll never see this place ever again)

[Chorus:]

The times I've been stabbed in the back, I
Will never forget (forget, forget)
The times that you gave me your hand, I
Will never forget (forget, forget)
The times you couldn't tear us apart, I
Will never forget (forget, forget)
The times I've been fucking betrayed
NEVER FORGET

I thought that I'd be different maybe,
Better than the scum that made me sick, sick to my
head
(The more I saw the more I hated
Kept it to myself and waited
Dreams and illusions fucking dead)
Isolation ripped me up inside and tortured me until
I had to die just to fucking survive
(So many times left in the dust
And all the lies and broken trusts
There's nothing left but the memories left alive)

[Chorus]
